The purchase of a ski pass implies the acknowledgement and acceptance by the person (hereinafter the "User(s)") of all these Terms and Conditions of Use, without prejudice to the usual remedies.

These Terms and Conditions of Sale are completed by the Terms and Conditions of Use of ski-lift passes.

For online purchases (Website), Special Terms and Conditions of Sale are available on the website ski.orelle.net.

Should a provision of these Terms and Conditions be lacking, it will be considered as governed by the customary practices in force in the ski-lift sector for companies with their head office in France.

These Terms and Conditions only apply to natural persons considered as consumers under the introductory article of the Consumer Code, who have purchased their ski pass at a STOR ticket office or at a STOR self-service ticket machine.

It is the Customer's responsibility to enquiry on available ski passes and prices and to select the most appropriate. STOR shall not be held responsible for the Customer's choice.

In its capacity of Insurance intermediary agent, STOR also offers the Customer an insurance contract "Carré Neige" in addition to the ski pass. This contract is subject to the insurance conditions that are available in the point of sale or can be downloaded directly on the website www.carreneige.com.

ARTICLE 1 – CARD AND TICKET

1.1 Definitions

SKI PASS : The **Ski pass** consists of a **card** (materialised or not) onto which a **ticket** is registered. The information on the ski pass validity registered on the card has no contractual value. The information contained in the card chip is the only binding one.

Various categories of tickets are available:

- **DATED TICKETS** : "Dated" tickets for which the dates of the first and last day of use are fixed; for THESE TICKETS, the date of validity may not be changed, except for exceptional circumstances duly assessed by STOR.

- **NON-DATED TICKETS** : "Non-dated" tickets for which the first day of use is not specified. For these tickets, the number of days is deducted continuously and consecutively from the first passage at the first turnstile, regardless of the time of the first passage.

The validity of these tickets (dated and non-dated) expressed in days implies "consecutive days".

- **4-HOUR PASS** : For 4-hour passes, the number of hours is deducted continuously and consecutively from the first passage at the first turnstile. If the four-hours are not used up when the ski lifts close at the end of the day, the credit cannot be carried over to a subsequent day, nor can it be refunded or exchanged.

- **SEASON PASS** : The **Season Pass** is a pass with a fixed period of validity for the winter season, with a minimum of 90 guaranteed skiing days, **it being understood that the counting down of the 90 skiing days starts on the first day of the official opening of the winter season.**

A "guaranteed skiing day" is considered valid when the two following conditions are fulfilled simultaneously over the same day:

- **No complete and consecutive interruption of the ski lift service for more than 5 hours**
- **Opening of at least 10% of the ski lifts in the ski area accessible with the pass;**
The above conditions apply to the winter season as defined below.

WINTER SEASON : refers to the period from the official opening date of the ski lifts in Orelle - Val Thorens and the official closing date of the ski lifts.

THE CARD : Tickets are issued on rechargeable cards.

1.2 Conditions of purchase

Tickets must be purchased either at the STOR ticket offices of the resort, or at one of the STOR self-service ticket machines, or on the online sale website ski.orelle.net or through social and professional agents authorised by STOR.

A card holder will be able to purchase a 4-hour ski pass or a daily ski pass up to 21 consecutive days (Adults 18 to 74, Junior 5 to 17), a Family Flex and a Season Pass.

The ticket holder is not entitled to any discount on the price of the ski pass in case of recharge.

As long as the ticket registered on the card is not used up, no other ticket must be registered. Failing this, the initial ticket will be immediately cancelled and the Customer cannot claim any damage.

Only the registration of a 3 Vallées extension is possible and must be requested at STOR ticket offices.

Rechargeable cards can be reused one or more times within a two-year guarantee period. This guarantee only applies in case of normal use of the card and consists in issuing a new card as a replacement for the faulty card.

The ski pass gives access, consecutively for the period of validity of the ticket and according to the terms and conditions specified below, to the ski lifts in operation in the ski area corresponding to its purchase (Orelle, Orelle – Val Thorens, Vallée des Belleville or 3 Vallées). It also gives access to various products strictly related to the possession of a ticket.

For the period of validity of the ticket, the ski pass is strictly personal and is not assignable or transferrable. It may not be lent, either free of charge or against payment.

ARTICLE 2 – CONDITIONS OF ISSUE OF TICKETS

It should be noted that the sale of ski passes for “3 Vallées” and “Vallée de Belleville” may be postponed in case of insufficient snow or closing of the 3 Vallées connections.

2.1 Prices – Discounts and free tickets - Proofs

All public selling prices of ski passes are displayed on the screens located in the point of sale, on the bulletin board containing all the ski area information.

Prices are expressed in euros inclusive of all taxes, per person. They take into account the VAT rate on the day of the purchase, and are subject to change in case of tax rate variations. They are also available on the website: ski.orelle.net

Discounts or free tickets are proposed to various categories of people under the terms available at the point of sale and on presentation, at the time of purchase, of documents proving the preferential rate.

All discounts are applied on an individual rate basis and cannot be combined with other current offers or promotions.

The Customer's age to be considered is the age on the first day of validity of the issued pass.

Proofs of discount will be kept by STOR in accordance with the provisions of Article 10. The Customer may exercise their rights on this data in accordance with the provisions of Article 10.

No discount or free ticket will be granted after the purchase.

2.2 People with disabilities

2.2.1 Beneficiaries : People with disabilities are eligible for a reduced rate upon presentation of valid proof, in accordance with the legal provisions in force.

2.2.2 Accepted proof :

- For French residents : The Mobility Inclusion Card (MIC) marked “disability,” “priority,” or “difficulty standing.”

- For foreign residents : official proof issued by the competent authorities of their country of residence, certifying their disability. This document must be written in French or accompanied by an official translation.

2.2.3 Terms and conditions of application :

- Proof must be presented at the time of purchase of the pass or ticket.

- Valid ID (national ID card, passport, etc.) may be requested to verify that the proof matches the beneficiary.

- The reduced rate applies only to the person with a disability. Under certain conditions, an accompanying person may benefit from a reduced rate for the same type of pass as that purchased by the person being accompanied (same area, same duration). This discount applies only if the words “need for an accompanying person” are clearly indicated on the supporting document presented. The accompanying person must ski with the person with a disability.

2.3 Photo of the Customer

The sale of season passes, reduced rate, veteran passes and free passes is subject to the presentation of a recent photo of the pass holder, full face and without sunglasses or headgear.

This photo will be kept by STOR in its ticketing computer system in accordance with the provisions of Article 10. The Customer may exercise their rights on this data in accordance with the provisions of Article 10.

2.4 Sales receipt

All ski passes issued, except “daily group ski passes” entail the delivery of a sales receipt indicating the nature of the ticket, its date of issue and individual number.

This sales receipt must be kept carefully for any further request. It is strongly recommended not to leave it in the same pocket as the pass itself.

ARTICLE 3 – CONDITIONS AND MEANS OF PAYMENT

Payments will be made in Euros, either in cash within the regulatory limits (cf. Articles L112-6 and D112-3) of the Monetary and Financial Code), or by credit card (CB, Visa or Eurocard Mastercard, American Express), or by valid holiday voucher issued by ANCV (Holiday Voucher National Agency) with no change given.

ARTICLE 4 – CONDITIONS OF USE OF STOR SKI PASS SELF-SERVICE MACHINES

Automatic machines available in STOR ticket offices allow Customers to purchase the specific ski passes indicated on the machines. Payment can be made by credit card (CB, Visa or Eurocard Mastercard) via an automatic payment terminal.

An email address must be provided to receive the proof of purchase. Customers are responsible for the email address entered and, in case of error, they will need to request a copy at a ticket office on presentation of their ski pass.

ARTICLE 5 – REFUND OF SKI PASSES

5.1 Unused ski passes

When issued ski passes (except 3 Vallées extension) have not been used, a request for partial or total refund of the order can be sent by email to info@orelle.net or presented directly at STOR ticket offices within three months of the closure of the ski resort. Ski passes will be refunded by credit card (if the initial payment was made by credit card), bank cheque or bank transfer within 90 days.

5.2 Partially used ski passes

Issued ski passes that are only partially used **will not be refunded or exchanged**.

In case of illness, accident or other personal events, an insurance service may cover this risk and useful information is available on the website: www.carreneige.com

ARTICLE 6 – SERVICE SHUTDOWN OR INTERRUPTION

6.1 Season Pass

For valid SEASON PASSES: only the closing of the ski lifts accessible with the pass, preventing "guaranteed skiing" as defined in Article 1, will entail a compensation.

In this case, the amount of the compensation will be calculated as follows:

$$C = P \times (90 - D) / 90$$

C = Compensation

P = Price paid

D = Guaranteed skiing days

6.2 Ski passes for up 5 days inclusive

In case of shutdown of the ski lift service, holders of a valid purchased ski pass, may be offered a "compensation" at the end of their stay, for any prejudice suffered, only in case **of complete and consecutive shutdown of 90 % of the ski lifts accessible with the ski pass AND for a period exceeding 5 hours**.

The customer can obtain, on presentation of a proof:

- an immediate extension of the pass,
- or, a credit in skiing days to be used at a later date,
- or, upon presentation of supporting documents within two

months, a deferred reimbursement by bank transfer within four months of receipt of said documents. This will be determined in proportion to the duration of the interruption to the ski lift service, and calculated as follows: (value in € of the Ticket purchased by the Customer) X (Guaranteed number of days of ski lift operation - Number of days of actual ski lift operation) / Guaranteed number of days of ski lift operation.

The Customer cannot claim any amount or service exceeding this lump sum compensation.

Only a complete and consecutive shutdown of the **Orelle - Val Thorens ski lifts** for more than half a day will entail compensation for holders of 3 Vallées and Vallée des Belleville ski passes issued at Orelle.

6.3 Ski passes for 6 days or more

Passes for 6 days or more : free day and limitation of liability

As part of the marketing of ski lift passes by STOR, any ski pass for a period of six (6) consecutive days or more includes one free day. This free day is included in the overall price of the pass in question.

The purchaser expressly acknowledges that they have been informed that this day is included for promotional purposes and will not be billed separately.

Consequently, **in the event of an interruption as defined in Article 6.2 concerning one of the days of the 6-day or longer ski passes, no request for reimbursement, compensation, credit, or extension of the ski pass may be made for that day**.

This provision constitutes an exception accepted by the customer to the usual conditions for partial reimbursement in the event of service interruption.

ATTENTION : In any case, Season passes and other passes purchased and paid directly by the Customer to STOR give right to compensation. Otherwise, reference should be to the Terms and Conditions of Sale of the organisation that sold the ski pass.

ARTICLE 7 – SPECIAL PROVISIONS

Energy restriction measures

In this time of energy crisis, authorities are likely to impose energy restriction measures that may impact the ski lift transport offer and services of the Orelle – Val Thorens ski area. As appropriate, STOR shall inform its customers in a timely manner after being informed by the energy suppliers on the potential impacts on the ski lifts and ski area. In this case, the provisions specified in this document (see Article 6 – Service closure or interruption) will apply.
